

Speaker profile:

Company: GreenCape

Abbreviated bio:

GreenCape, a non-profit organisation that works to grow the green economy, is host to the Project Management Unit (PMU) of the proposed Atlantis SEZ.

GreenCape's team works with businesses, investors, academia and government to help unlock the investment and employment potential of green technologies and services, and to support a transition to a resilient green economy. The organisation was ideally placed to facilitate the establishment of an SEZ, which was initiated in 2013 through a Memorandum of Funding Agreement between GreenCape and the national Department of Trade and Industry (dti). This work has been a collaborative effort between GreenCape as the hosting agency, the City of Cape Town, Western Cape Provincial Government and the dti.
