¹ Average refers to the average performance for 2022, using the information available.

² Average refers to the average performance for 2022, using the information available.

³ Average refers to the average performance for 2022, using the information available.

⁴ Average refers to the average performance for 2022, using the information available.

Other Updates:

Operational comments and general observations
Weather and other delays: <ul style="list-style-type: none">• Yesterday, several transporters reported experiencing challenges with the NAVIS booking system. Transnet is liaising with the NAVIS team to alleviate the challenges.• System issues prevented the multipurpose terminal in Cape Town from reporting this morning, which could spill over into operational delays if these system issues worsen further.
Load-shedding: <ul style="list-style-type: none">• No load-shedding was reported at any of our commercial ports over the latest 24-hour period.
