<sup>2</sup> Average refers to the average performance for 2022, using the information available.

<sup>3</sup> Average refers to the average performance for 2022, using the information available.

<sup>4</sup> Average refers to the average performance for 2022, using the information available.

## Other Updates:

Operational comments and general observations
<p><b>Weather and other delays:</b></p> <ul style="list-style-type: none"> <li>• Average time at anchorage for container vessels as of 06:00 this morning: <b>Cape Town:</b> 32 hours.</li> <li>• High swells and severe vessel ranging disrupted Cape Town's operational performance over the last 24-hours. Of the three vessels on berth at CTCT, one vessel was delayed for one-and-a-half hours, another for six hours, and the third vessel for the entire 24 hours.</li> </ul>
