

In efforts to keep stakeholders informed regarding the Container Recovery Plan, Transnet is providing daily status updates on the performance of port and terminal operations.

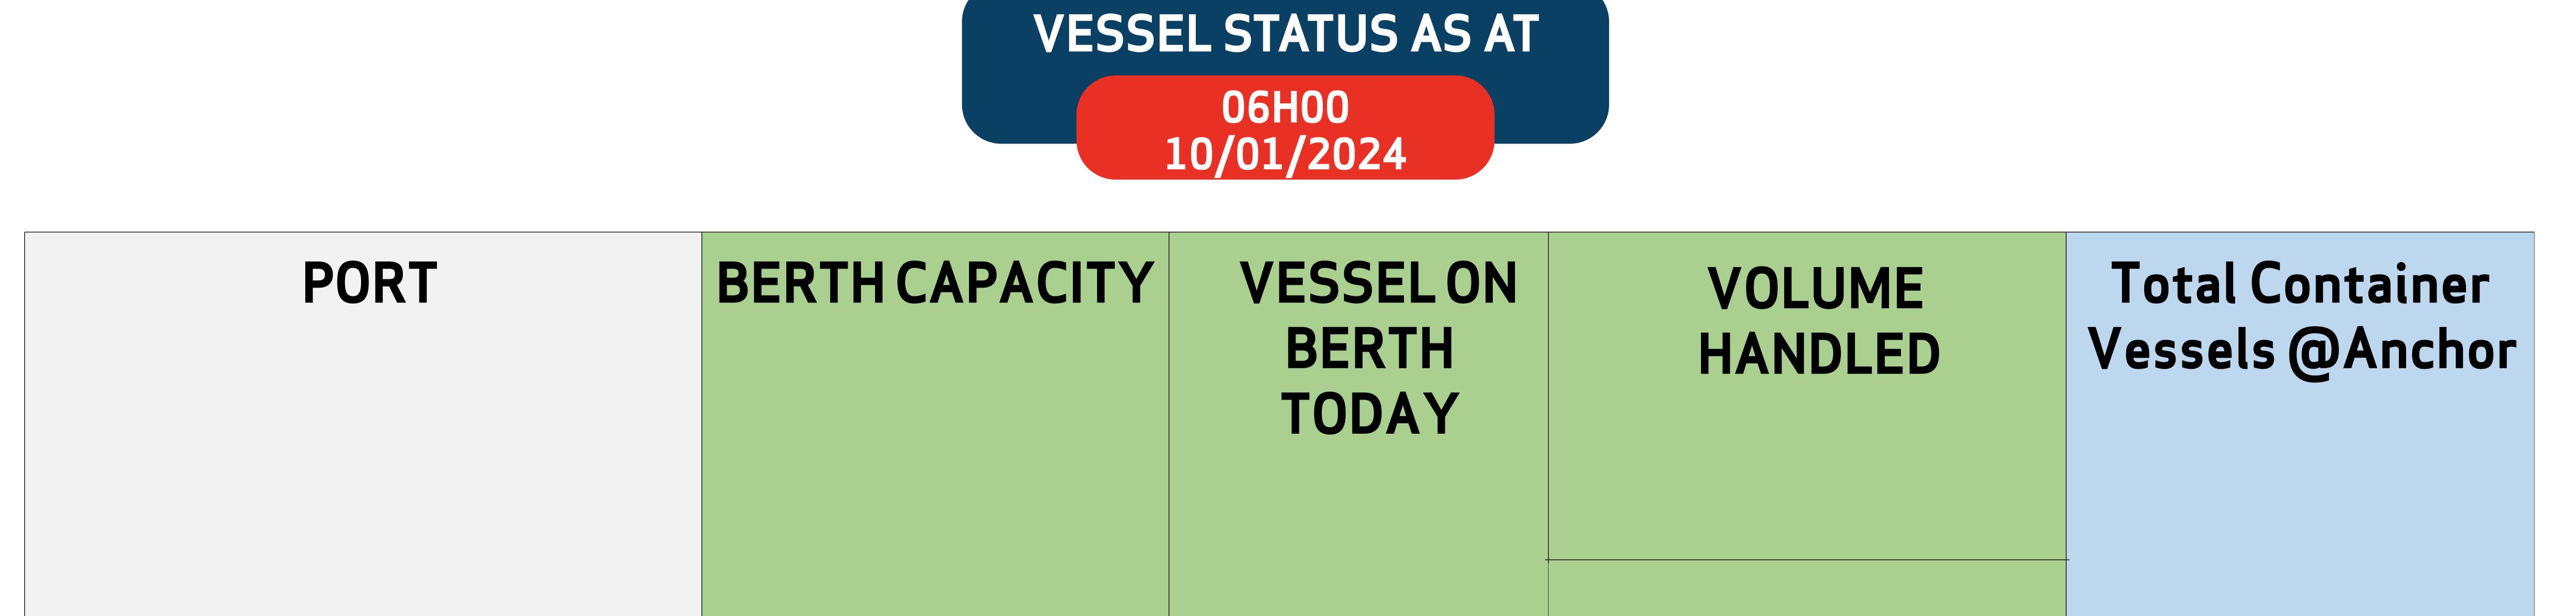

As of 10 January 2024, there are a total of 20 container vessels at anchorage and a total of 35 gangs deployed across the ports.

A total of 3671 volumes have been handled at the Port of Durban in the last 24 hours.

The port of Cape Town continues to experience adverse weather conditions which have caused a delay in operations, Nelson Mandela Bay, and Durban ports remain operational.

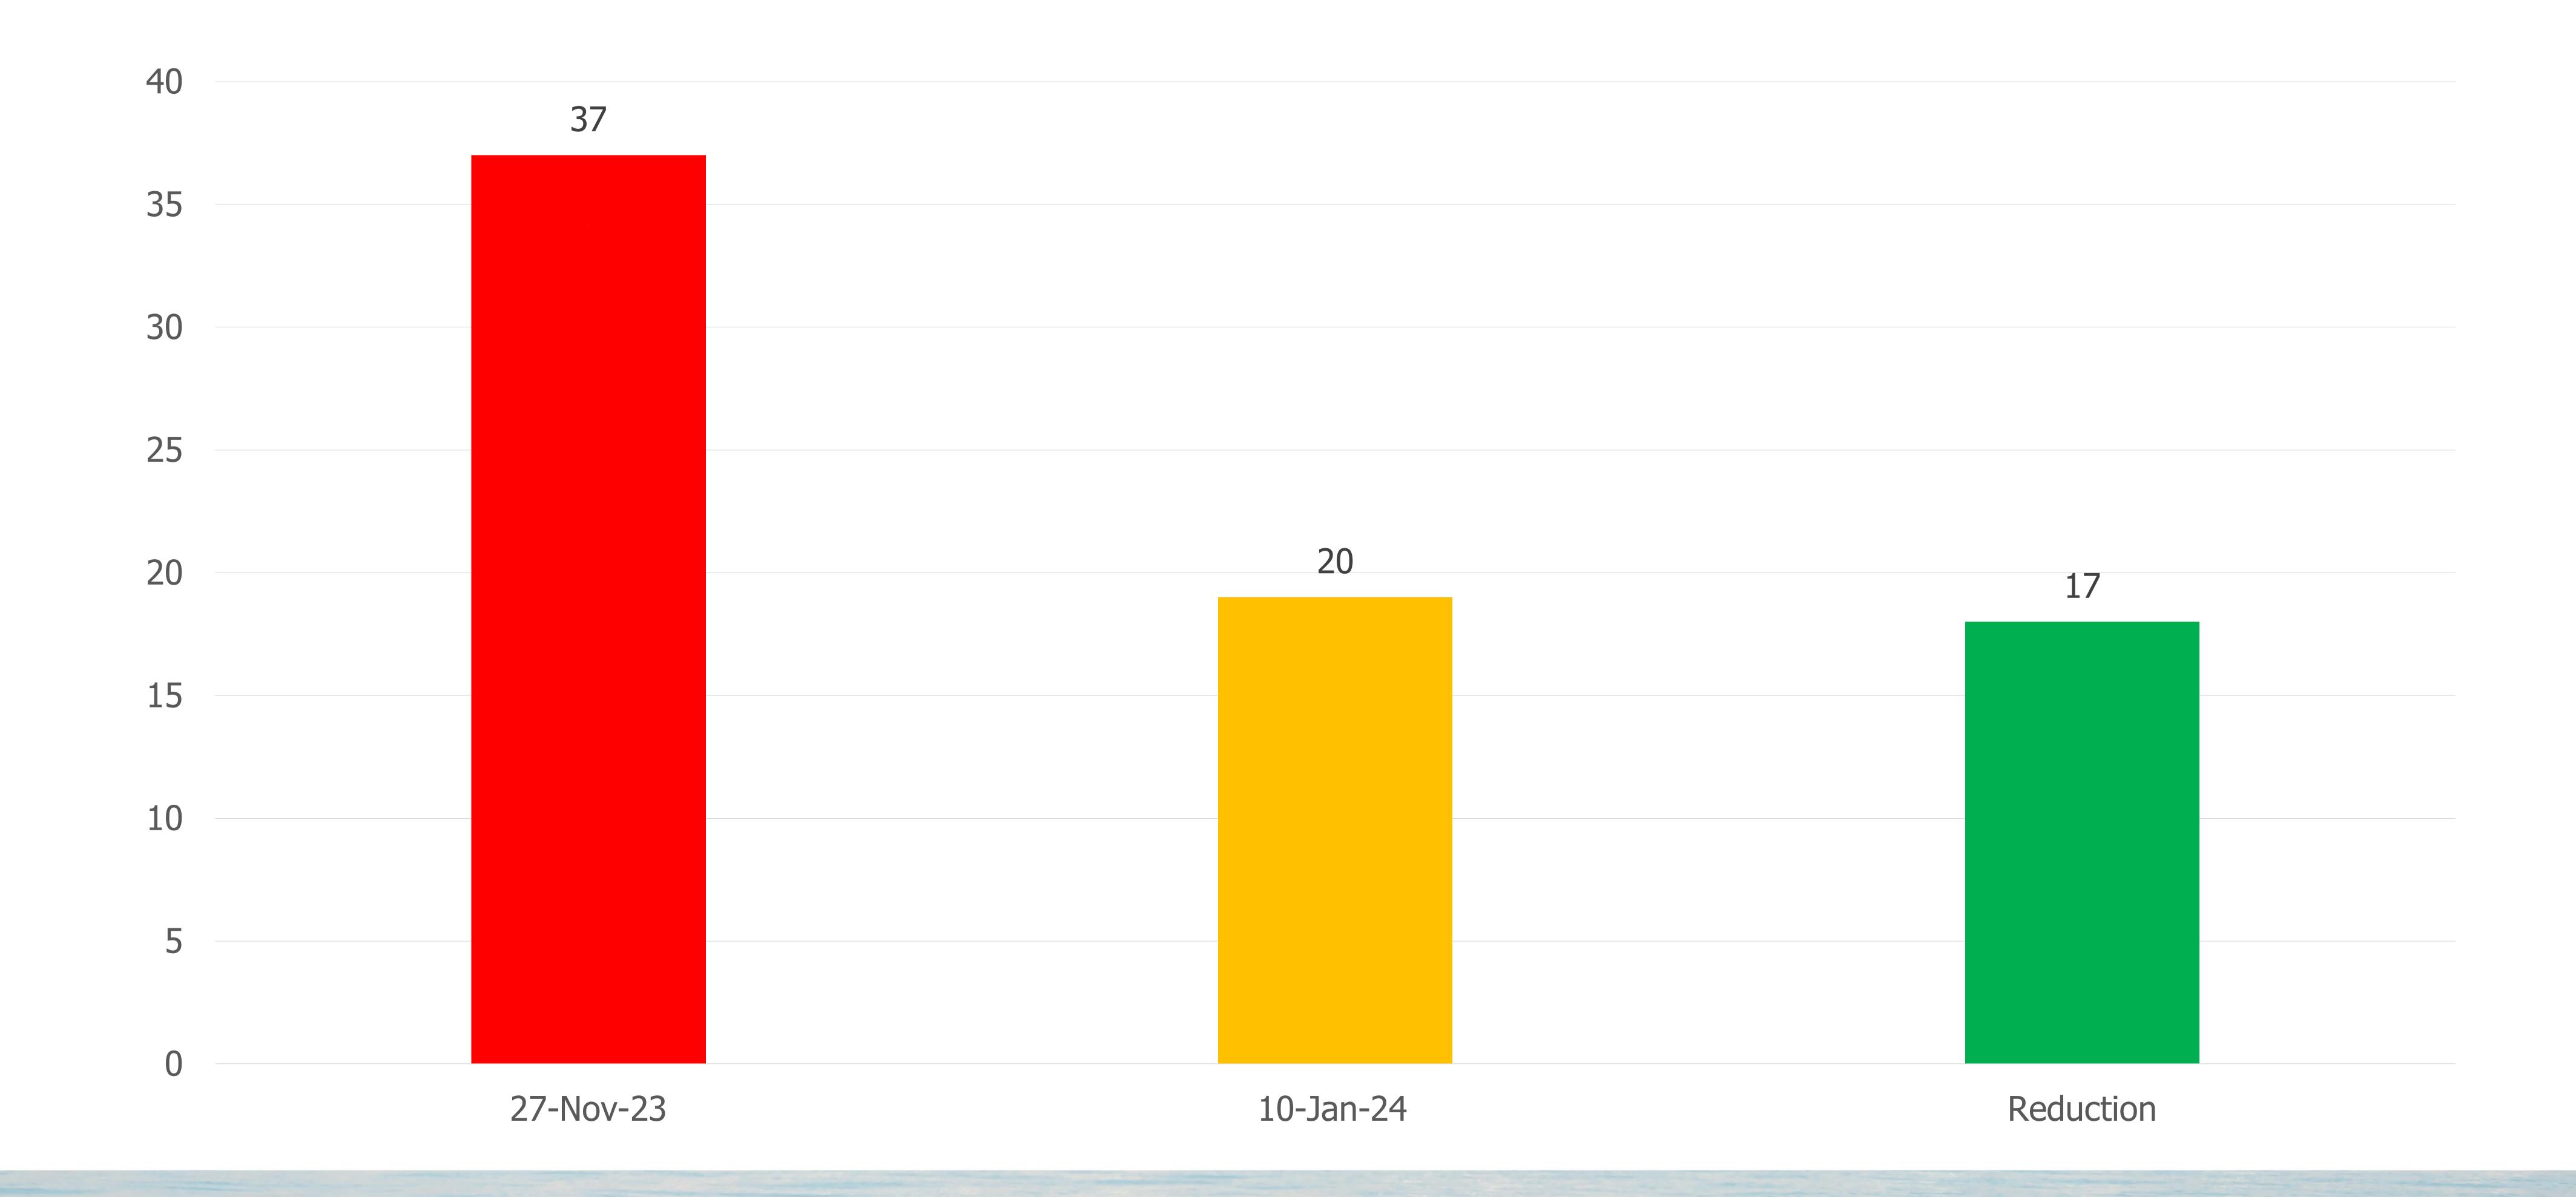

Transnet remains committed to improving and sustaining efficient port and terminal performance.

The table below provides an overview of vessels at anchorage and volumes handled as at 06h00 on 10 January 2024.
