Subject: Calling Education Nomination Form

Dear Jennifer

Thank you for this information.

I am desperately sorry that I have missed the deadline by two days. Will you please still be willing to consider this nomination?

I was not 100% clear on whether a video is required. Herewith a short video that showcases our progress. Please ignore if not relevant. <https://www.youtube.com/watch?v=fo1j2P1msps&t=13s>

Please see attached the completed form and let me know if you require more information.

Apologies again; I hope you can still accept it.

Best regards
