

Rotary

July 5, 2023

To whom it may concern:

In April of 2023, we contracted Loop Transport to serve as the official transport company for Rotary International's People of Action Awards held in Cape Town. We had more than 50 dignitaries and Rotarians attend this event, arriving from all corners of the globe at all hours of the day and night.

Loop Transport ensured that our travel needs were anticipated at every moment. They helped our logistics team schedule smooth transitions between the many various locations where our guests had to attend various events, and the drivers were amazingly professional and helpful. They added an added bonus of being available for our guests to book them for independent outings - a service that was much appreciated by all.

For seamless and secure transportation, I suggest considering Loop. As a global organization, Rotary International deals with many contracted companies around the world, and I wish all of them raised to the level of Loop. With their tech-driven platform and friendly staff, Loop made all of our transportation comfortable and stress-free. Whether it's for individual trips or group outings, Loop has consistently delivered excellent service that I can confidently recommend.

Warmly,

A handwritten signature in blue ink, appearing to read "Brian Rusch". The signature is fluid and stylized, with a long horizontal stroke at the end.
